| Ice Output                               | 165 lbs. (74.9 kg) in 24 hours                                    |
| Ice Storage Capacity                     | 16.5 lbs. (7.3 kg)  |
| Recommended Water Pressure               | 30 - 70 PSI   |
| Rated Voltage/Frequency                  | 120V/60hz   |
| Power Consumption                        | 4.9 amps (565 W)  |
| Drainage                                 | Drainless technology available in low TDS environments (<150 ppm) |
| Clearance                                | 5" sides, rear; Access to the top is required for service         |

### The Pure Water Technology Purification Process

Sediment Filter

Reduces particles such as dirt, silt, rust, and pipe residue.

Pre-Carbon Filter

Reduces chlorine chemicals, and pesticides.

Reverse Osmosis Membrane

Reduces dissolved solids, pharmaceuticals, and metals.

BIO-SURE PLUS™ Filter

Adds minerals, electrolytes, and enhances alkalinity.

Post Carbon Filter

Final polishing filter ensures great taste.
